

USE AND CARE

**CAUTION- SHARP EDGES POSSIBLE
BE CAREFUL!**

- CatchCounter is made of PVC coated Aluminum and PVC. CatchCounter can take the weather.
- The base is PVC and will not rust or rot.
- The hinge and bolts are solid brass for good durability!

PLEASE NOTE: Try to keep the counting mechanism out of direct contact with water or cleaning liquids as this may shorten the life of the counter.

- Clean the CatchCounter with mild soap and a wet cloth. Avoid direct hose spray. Rinse cloth and wipe unit. Dry with a clean cloth.
PLEASE NOTE: You may find some sharp edges so please be careful in the cleaning and use of CATCHCOUNTER.
- If CatchCounter needs parts or repairs contact Tony at westbaykellys@yahoo.com or catchcounter.com

**Thank You
For Purchasing
CATCHCOUNTER!**
